1. Purpose of the Report

The University, in compliance with Section 22(3) of the Education Act 1994, is required to issue a code of practice outlining the means by which the University supports the democratic, accountable and transparent operation of their Students' Union, as outlined in the Act.

The current Code of Practice has been revised in order to clearly outline our compliance with the requirements of the Act. In addition, some introductory text is provided for University/Students' Union audiences outlining the legal requirement for the Code of Practice.

A partnership agreement, outlining the relationship between the University and Students' Union and principles which underpin the Code of Practice will be prepared as a separate document.

2. Summary of Key Issues for Discussion

- Compliance with the Education Act 1994
- Annual monitoring and reporting to the Registrar and Secretary.
- Annual awareness of the Code of Practice to students
3. **Recommendations**

Council is asked to agree the revised code of practice, and annual reporting and monitoring from the Students’ Union to the Registrar and Secretary as set out in the Code and Act.

4. **Consultation undertaken/required**

The revised code has been developed between the Academic Section and Students’ Union, and was endorsed by USG on 3 May 2016.

5. **Resource Implications (Financial and Staffing)**

There are no resource implications as a result of changes to the Code of Practice.

6. **Legal Considerations**

The University and Students’ Union remain subject to the same legislation as within the current Code of Practice.

7. **Describe the Effect/Potential Effect of your Proposal(s) on Equality**

There is no equality and diversity impact as a result of revisions to the Code of Practice.

8. **Analysis of Risk including the Link to the University’s Risk Register**

Revisions to the Code of Practice have no additional impact on the University’s Risk Register; whilst failure to implement the requirements of the Act would constitute a risk, reporting processes in order to comply with the Act between the Students’ Union and University are well established.
UNIVERSITY OF ESSEX
CODE OF PRACTICE RELATING TO THE STUDENTS’ UNION

Introductory text for University website:

The Education Act 1994 requires the University to take such steps as are reasonably practicable to secure that the Students' Union operates in a fair and democratic manner, and is accountable for its' finances.

The Act requires universities to prepare and issue a Code of Practice setting out the manner in which the requirements of the Act will be effected and, in relation to each of the requirements, details of the arrangements made to secure its observance. This document and headings below has been prepared, with monitoring and assurance procedures agreed with the Students’ Union, to satisfy this requirement.

Introductory text for Students’ Union website:

Aiming to be the world’s most student centred organisation sometimes means sticking to the small print, in this instance that is the 1994 Education Act.
